

# ARIV Technologies Pvt.Ltd.

VAR: SIM Technologies Pvt Ltd

## Company:

ARIV Technologies Pvt. Ltd.

## Challenge:

- Assembling of huge number of minute and repetitive parts in light Bar

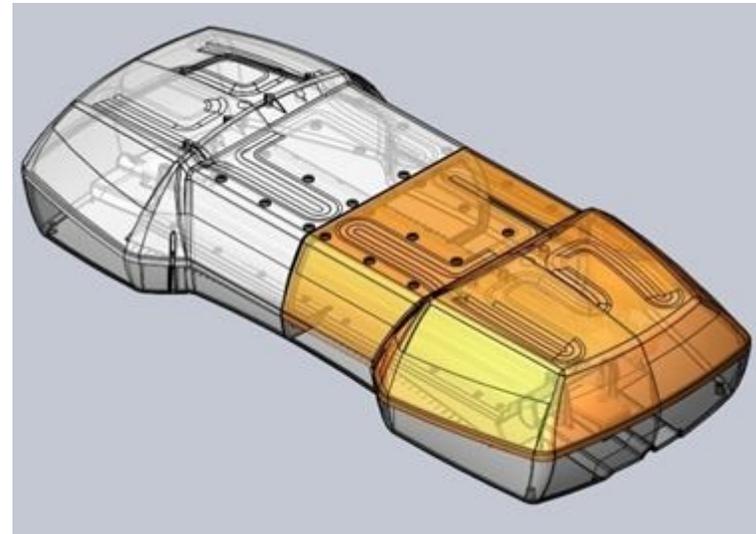

## SolidWorks Benefits:

- Automate the CAD and Engineering process by API solution using SolidWorks
- Development of e-Catalog which is a dynamic interactive online catalog of our products.

## Benefits of Automation:

Increased productivity  
Increased Output Capacity  
Reduced cost  
Reduced errors (close to zero error)

ARIV Technologies is Engineering Service provider experienced in Design Automation, Product Design, CAE and Legacy data migration.

*"With the help of API solution in SolidWorks, we have automated the assembly process and reduced design time span".*

**E. Arulmani Ethiraj, Managing Director.**
