"3DEXPERIENCE SolidWorks has revolutionized our workflow with its Anywhere capability and seamless collaboration tools. It's empowered our team to work together effortlessly, whether we're in the office, at home, or on the go. This flexibility has significantly enhanced our productivity and project turnaround times"

-Deepak Siddharth (Founder & Managing Director)

Challenges

- Saving models on the server is a problem.
- Collaborating with the team.
- Maintaining the server for storing files.
- Issues with revision monitoring

Benefits

- Accessible from any location.
- Collaboration with team members to achieve better results.
- Reduced server maintenance costs.
- Also, a revision issue has been resolved in the 3D Experience platform.
