Mr. NATARAJAN  
Manager - Design

**Educational Background:** 18 years  
experience in injection mold design

## Challenges

As we Serving Multiple Industries, we were struggling in Keeping RFQ Team always equipped with Basic Costing Tools, Especially Getting Material Cost for the Product. Though We Had Strong Desing Team, equipped with 6 Solidworks, Our RFQ team depended on Design Team which was affected our Team Productivity by Making lot of documentations for this Process.

## Benefits

The adoption of the 3DEXPERIENCE platform has resulted in transformative improvements providing tangible benefits:

- Using 3DExperience license form our Two Different Locations
- Effortless Material applications and Costing
- Since User Based, it is Compatible to our team using software's Between each.
